

4 soveværelse Byhus til salg i Sedella, Málaga

252.000€

This wonderful townhouse, with an extremely impressive façade is located in the charming village of Sedella, and offers an incredible amount of living space and a very large garage. The house has two entrances, on different streets. The first door is beside the garage. It opens onto stairs that provide access to the living room, where there is a wood burning fire and patio doors opening onto the balconies, allowing lots of light to flow into the room. The entrance from the other street leads into this room. Beside the living room there is a small room which would be perfect as a study, and a fully equipped kitchen with adjoining utility room. There is also a bathroom on this level. The staircase to the upper floor opens onto a landing from where a corridor leads to the four bedrooms and another attractively tiled bathroom.

The garage is very large and you can park several cars, as well as giving lots of storage space. The house has eight different balconies and terraces, and from some of these one can take full advantage of the incredible views of the stunning mountains and the pretty white washed village.

A townhouse of exceptional size and accessible by car, making it a property which must be seen to be appreciated.
