7.800.000€

Villa Ivory stands as a paragon of architectural ingenuity, where exquisite materials seamlessly blend with the natural beauty of its surroundings. This mansion offers an unmatched level of comfort, with expansive indoor and outdoor spaces meticulously designed for both daily living and entertaining guests. Whether hosting grand parties or intimate family gatherings, Villa Ivory provides the perfect backdrop for creating unforgettable memories.

The residence boasts six spacious bedrooms, each designed with luxury and tranquility in mind, complemented by seven elegantly appointed bathrooms. Additionally, a staff room with its own bathroom ensures that every convenience is catered to. The inclusion of a secondary "dirty" kitchen offers practicality without compromising the pristine main kitchen's aesthetics.

One of the villa's standout features is its extensive outdoor living areas. The covered terraces provide a shaded retreat, ideal for al fresco dining or leisurely afternoons. A large barbecue area invites social gatherings, while the expansive solarium offers a perfect spot for basking in the sun. The poolside terrace is designed for ultimate relaxation, providing a serene setting for sunbathing on hot days.

Villa Ivory is built in perfect harmony with its natural surroundings, offering residents an unparalleled sense of privacy and tranquility. The architectural design ensures that every room capitalizes on the stunning views, allowing you to wake up to breathtaking sea and mountain vistas each day. Large windows and strategically placed outdoor spaces frame these views, making the natural beauty a part of your everyday life.

The mansion's sophisticated design extends beyond aesthetics, incorporating modern amenities and high-quality finishes to create a home that is as functional as it is beautiful. The integration of indoor and outdoor spaces allows
