

## Landsted til salg i Sant Joan de Labritja, Ibiza

1.700.000€

Great opportunity, about to be granted the license. Plot of common rustic qualification, free of buildings, in San Juan, flat, wooded, few pines, with a little slope, access 150 m dirt road from the San Juan road, arriving at San Juan on the right. Very pretty, without cables, or anything ugly around. In the name of a company, ready to sell. With a license in process for a 320 m<sup>2</sup> house and presented 3 years ago, about to be granted. It has a legal drilling license and electricity. The current project can be shown, the distribution can be modified, and the aesthetics of the project can be varied. We have an Architect and Technical Architect in the real estate agency who can help you with these details. We have many more houses, apartments, villas, farms, commercial premises and land for rent and sale on the island. Thank you for considering us as your real estate agency in Ibiza. We also offer virtual tours upon request. Contact us today to request a visit or more information.
