This charming detached villa has a spectacular view of the Torrevieja salt lagoon, its private garden and its private pool.

The Spanish architectural style mixed with modern stands out. The interior of the property&nbsp;is decorated in a modern style. The open space concept emphasizes. The living room is very spacious and comfortably furnished. Through an arch we reach a&nbsp;separate dining room and a large and functional fitted kitchen with white goods. A continuous hallway leads to two large double rooms with fitted wardrobes and two bathrooms, one of them en suite with shower room. Air conditioning and central heating are available.

Through a staircase, you can reach a small living room with a bedroom and a shower room on the ground floor.

Outside, the covered terrace offers the perfect place for al fresco dining with a breathtaking view of the pool, BBQ and pine forest. The garden is partly covered with fruit trees and pebbles. Terracotta tiles were partially used to enter the 50 m2 garage/bodega and workshop.

The external staircase leads to the roof terrace which currently has a panoramic view of the landscape. A building license for the construction of a separate apartment is available.
