On the front line of the Mediterranean Sea, the respected developers have conceived a new idea of residential complex, where each of the privileged families who lives in the complex will enjoy a new concept of apartment, that even though being apartments conveying the sense to be living in a villa. Counting with amazing windows and enormous terraces, each of the buildings that compound the complex is frontal to the beach, making possible the enjoyment of endless views of the Mediterranean Sea.

On an almost 20.000 m2 front line beach plot of land, this is a High Security Gated Complex, of just 6 small blocks, comprising only 28 amazingly large 3 & 4 bedroom residences and exclusive access to the beach. Each of the apartments includes a minimum of 3 large parking spaces, with direct access into a private basement-storage, directly connected with each of the homes through a private elevator.

Swimming in here all year round on a front line beach position, becomes possible thanks to its large dimension Outdoor Heated pool, which integrates a solarium and it is run by salt chlorination system. The infinity side of the pool gives the final touch, allowing an amazing visual integration of both waters, the pool one with the sea one.
