

11 Cuarto Casa de Campo en venta en Raspay, Murcia

345.000€

We are delighted to bring to the market this amazingly historic building dating back to 1701

This stunning property is a 300 year old manor house with bodega and still has many different indications to its past. Although it is now screaming to be brought to life again and in our and the current owners opinion would make a stunning high end hotel restaurant.

The property suffered some damage in a freak weather front some years ago, and the current owner has invested a lot of time and money in rectifying issues with the roof most of which is now new and the rest is repaired so is now waterproof and also stabilizing some walls to protect the integrity of the property in order to preserve the slice of history for future custodians.

While undertaking these repairs the owner has also raised the height of the roof allowing more space upstairs to be able to add more comfortable bedrooms to this section of the property which could bring as many as 11 bedrooms with en-suites

To the rear of the main house is the real wow factor where we find the original bodega which seems untouched since the day it finished production with everything from the original tools to even the etchings on the wall from the working way back as far as 1901 possible earlier

We feel this part of the property is crying out to become a lovely hotel with a high end bar and restaurant and even a part that is a museum to celebrate the buildings past.

To the rear of the property there is a further large building that would make an ideal conversion for living quarters for
