

4 chambre Auberge à vendre dans Archez, Málaga

100.000€

The three buildings are set in the middle of the plantation which is full of different types of fruit trees. Firstly is the storage room which was part of the old finca. On the next level there is a large, wooden storeroom which is used as a tool shed and on the upper level there is a wooden house, constructed by the present owner. The house overlooks a picturesque valley and comprises a large entrance room with a bedroom on either side, a bathroom with shower and housing for the hot water heater. On each side of the house there are spacious covered terraces, one which is utilized as a kitchen and the other as an utility room. The wooden construction of the house contrasts beautifully with the grey tiled floors.

In front of the house there is a beautiful open terrace which takes full advantage of the beautiful views of the valley, the countryside which is one of the greenest parts of this area, and the surrounding mountains.

.An ideal property for nature lovers or those ecologically minded, perfect for relaxing at the weekend or in your free time, enjoying taking care of the trees and garden. The property is connected to water and has solar power.
