

2 chambre Maison de Ville à vendre dans Daimalos Vados, Málaga

42.000€

A traditional village house in a peaceful mountain village. Beautiful views from the roof terrace over the village and the surrounding countryside.

The living accommodation is in need of renovation although roofs and walls are in good condition. It is at present on two levels and comprises a living room with adjoining kitchen which has an open fireplace, a bedroom from where a flight of steps lead up to another room which accesses the roof terrace. However below and entered from the rear of the property through a separate gate is a patio area with four separate storerooms. One of these can be accessed directly from the living area above via a wooden trap door and this area of the property could be utilised when renovating to provide more living space.

This is an excellent opportunity to purchase a traditional village house and renovate to your own individual requirements.
