

5 chambre Villa à vendre dans Mijas Costa, Málaga

1.976.000€

We present Cerrado Hills: a new luxury development of only 13 magnificent villas, each with four bedrooms en suite. These amazing villas are generous in size and quality. Three of the bedrooms are located on the top floor of the property, while another is next to the living room. A large basement gives you the opportunity to modify the space to suit your needs; another bedroom, cinema room, cellar, gym... you decide!

The properties are positioned so that they arch around one of the greens of the Aguila Closed Golf Course. This also means that it has spectacular panoramic views of the Costa del Sol.

The luxurious open-plan living room is designed to facilitate daily life and entertainment. The kitchen, dining room and living room are connected on one level to provide easy access and open areas from which to enjoy their views.

The bathrooms and kitchens are equipped only with high quality products from the leading European luxury manufacturers.

The properties are also equipped with VTouch Pro, which allows you to control many aspects of your home with just slipping a finger. Lights, blinds, safety, heating and air conditioning can be controlled by an app on your mobile phone or directly through the VTouch panel.
