

2 chambre Appartement à vendre dans El Raso, Alicante

235.000€

We are very pleased to bring to the market this fantastic Penthouse apartment with superb views over the communal pool and gardens. This apartment is very bright and airy and benefits from having open space views both to the front and back of the apartment. This modern apartment comes with 2 bedrooms and 2 bathrooms one of which is en-suite to the master bedroom. From the master bedroom you have beautiful views of the pool and garden area and the second bedroom overlooks an open space. The lounge diner has beautiful view to the pool and gardens and this is also where you have access to the large private solarium with even more stunning views of the area. A lot of thought has gone into this apartment including the sockets for the TV which have been moved to the other side of the lounge so that you have views of the pool and garden whilst watching your favourite program. There is A/C in the apartment to keep you cool during those hot summer months. All the rooms are bright and the property is south facing. There is plenty of outdoor space to enjoy the sunshine including front and back balconies and a huge private roof solarium. Also in the community there is an indoor Spa area and outside gym. An early viewing is highly recommended.
