

1 chambre Maison de Ville à vendre dans Sedella, Málaga

39.000€

This town house is located in the beautiful and quiet town of Sedella, it is located in the northeastern part of Axarquía, just below Sierra Tejeda y Almijara Natural Park

Sedella is a town that preserves all the characteristics of a typical Muslim village, where its natural heritage stands out with countless routes and trails.

Sedella has a very marked Moorish layout, characterized by narrow streets, very white houses, and some slopes. Due to the altitude at which the municipality is located, from some places you can see very pleasant panoramic views, where beautiful landscape can be seen.

This home is the perfect opportunity to renovate it, and to maintain the old stone walls that would keep the house with the interior temperatures throughout the year, a system already used by our ancestors, an ideal site in the center of the urban area with a construction of 120 mtr where you can rebuild a home to your personal taste with views of the town and the mountains.
