

3 chambre Maison de Ville à vendre dans Sax, Alicante

69.950€

This traditional three-story townhouse in the heart of Sax offers a central location with charming views of the castle and is a mere 30-second stroll from Plaza Iglesia and the Town Hall. The property includes three double bedrooms, one of which has plumbing for a potential en suite.

Inside, an internal courtyard with a WC provides additional outdoor space. While the kitchen is compact, it can be expanded by converting the courtyard, a common and practical upgrade in similar homes. Upon entering, a large hall leads to the main hallway and staircase, connecting to the living area, kitchen, shower room, and an attic with potential for conversion into an additional bedroom or bathroom.

On the first floor, there are two double bedrooms, while the top floor houses a third bedroom and a sun terrace with a lovely view of the Town Hall clock tower, adding to the home's traditional charm and appeal.
