The project consists of exclusive two-storey villas available with or without a basement, built on plots between 350m²-400m². There are 2 en-suite bedrooms on the first floor, one of which has a dressing room and a private terrace. The internal stairs lead to the 43m² solarium, where the panorama views of the area can be enjoyed.

The villas with a basement include a large multipurpose space of 66m², with a laundry room and a guest toilet. The basement can be reached by the internal stairs, as well as external stairs, with a beautiful English patio in front of the entrance. The separate entrance makes it ideal to use the basement as a guest apartment. Alternatively, the basement can also be used as a home entertainment room, a wine cellar/bodega, a gym, or any other necessity.

The promotion offers a high degree of personalisation, with a wide range of customisation options included in the price, as well as a selection of upgrades for an additional price. The villas will be delivered with pre-installation for A/C, fitted wardrobes, LED lighting in the kitchens and bathrooms, pre-installation for an Alarm, solar panel, private pool with pre-installation for a heat pump, and parking on the premises.
