

## 6 chambre Villa à vendre dans Monóvar, Alicante

399.995€

Whilst we make no secret of the fact that the property looks tired in places and in need of modernisation it is one of the most incredible and impressive properties I have had the pleasure to list. It is almost palatial and has some of the finest carpentry I have witnessed. When the modernisation is complete I would imagine that the value would increase to somewhere in the region of 750,000€ but it will need approximately 100,000€ thrown at it. This very large and impressive villa near Monovar has six bedrooms, five bathrooms and an additional WC. The villa has three reception rooms with fireplaces, a kitchen, and two utility rooms. The whole of the upper floor is an enormous recreation room with a pool table. The villa has every luxury, marble floors, a sweeping staircase, dressing rooms, a swimming pool, and a garage. The villa is situated in a beautiful woodland setting. The town of Monovar has all the amenities, sports centres, banks, shops, bars and restaurants you would need. Alicante airport and beaches are just 30 minutes away. Monovar is a small town in Alicante province, with a population of 13,060 people. It is about 15km from Pinoso and like Pinoso it is famous for its marble quarries, shoe making and wine. It is in a pretty, mountainous area, the town stands at a height of 341m (1,119 ft). Monovar has several traditional fiestas during the year, ranging from "Dwarves and Giants" in July to the week-long town fiesta in September in honour of the Virgen de los Remedios. Traditional food, like Pinoso, includes rice made with rabbit and snail, gazpacho manchego - a hearty rabbit stew, migas - fried breadcrumbs with garlic and usually chorizo and of course the local red wine. There are 4 bodegas close by. There is evidence of people living in this area since pre-history. The Romans also lived here, the remains of a Roman villa has been discovered in the nearby village of Maña. In the Islamic era Monovar and Chinorla were fortified with a castle and a tower. The first documented history of Monovar was in the 13th Century. When the Moors were expelled from Spain in 1609 Monovar lost nearly 80% of its population. As a result Monovar became depopulated and abandoned. As a reward for their support of the Bourbon Dynasty in the war of Succession, Philip V gave Monovar the title "Muy noble, fiel, ilustre & leal" (Very noble, faithful, illustrious & loyal) - this was incorporated into their coat of arms with a lily flower. During the 19th century the population and the economy began to grow again, there was a
