

5 slaapkamer Commercieel vastgoed Te koop in Alora, Málaga

1.150.000€

This complex of three buildings, a main house and two separate one bedroom bungalows has been exquisitely designed and fitted to create a welcoming and nourishing health centre. It sits in an idyllic hillside location. The main house of approximately 150 m², consists of a large kitchen, lounge, dining room, massage room, sauna, three feature double bedrooms each with its own generous and often quirky bathroom and private terrace. All rooms are air-conditioned and there is wifi throughout. At first floor level there is a large balcony which overlooks the rear of the property. The second house has a lounge/diner, kitchen, double bedroom and bathroom. The third building is another beautifully appointed one bedroom apartment, with bathroom, kitchen, lounge/diner and terrace, beside which is the swimming pool. Surrounding the buildings there are mature gardens and there is even a designer kitchen garden with raised beds. On a slight rise above the houses there is a tennis court and opposite this a parking area. Access is by a track which is passable in an ordinary car. The property is set in an olive grove of some 5 hectares, 4 hectares of which are still given over to productive planting. This property would make a wonderful family home with extra accommodation for friends and family or it could continue as now as a profitable business with the owners living in one of the smaller houses. In high season the property can generate €4.000 per week in rental income.
