The current owner has sympathetically renovated this property about 5 years ago and it retains many original characters and features but with an added touch of modern to provide a comfortable and stylish property to live in.

It comprises at street level; entrance hallway with a elegant re-claimed iron staircase, open-plan kitchen / diner with the most exquisite sea views, and a shower room.

The staircase takes you down to the lower level where you have two double bedrooms, a full suite bathroom, and a walk in wardrobe. One of the bedrooms has a small cloakroom. From the main bedroom you have access to a small courtyard with storage cupboards.

From the entrance hallway the staircase takes you up to the first floor where you discover a superb lounge with picture window which beautifully exposes the sea view. From this room patio doors take you to a small patio with a staircase leading to the roof solarium. The roof solarium is a great space with great views.
