

Gezinswoning Te koop in Villanueva de la Vera, Cáceres

375.000€

Built in 1850 and fully restored with loads of care and patience this property now has three rural studio apartments as well as space for the owners. Each studio apartment is designed for two people, and is equipped with a kitchenette, bathroom, television and air conditioning. There is also a bar and a restaurant. The property was operating successfully as a Casa Rural but due to health problems it is currently closed but would be easy to reopen and start operating again.
