

3 soverom Leilighet til salgs i Benidorm, Alicante

704.000€

Fantastic new development on Benidorm's Poniente Beach, with modern design apartments with 1, 2, 3 and 4 bedrooms with panoramic sea views, located just 50m from the Poniente beach. This development is easily accessible from the motorway, close to all the amenities the area has to offer and close to all services. This new complex has spacious residential areas with swimming pools for adults and children, gymnasium, jacuzzis, heated pool and sports courts, cinema room, and coworking among other amenities. . . All homes are designed to maximise light and space with large terraces from which you can not only admire the beautiful views, but also enjoy the long Spanish sunny days or wonderful relaxing summer evenings, feeling a smooth sea breeze. . . The properties have ducted air conditioning, motorized blinds and shutters, armoured front door, rain effect shower, underfloor heating in the bathrooms among many other elements to make your life more comfortable. In addition, all the properties are south facing, so light is an essential element. The residential is under construction and offers the possibility of personalisation. Prices for the 3-bedroom apartments range from €704.000 upto €1.690.000 for a very large 4 bedroom Penthouse. Optional furniture and decoration packages are available which can be discussed with our Architect. The apartments are scheduled for delivery after the summer of 2025 or during the summer of 2026, depending on the apartment. If you would like to know more, please do not hesitate to contact us.. . Disclaimer; Please bare in mind, that some pictures of this presentation are purely for informative purposes. The interior and terrace photos are of a previous similar project of an apartment constructed by the same construction firm..
