

2 soverom Villa til salgs i Mojácar Playa, Almeria

116.000€

Villa Zentec 11 - A villa in the Mojácar Playa area. (Off Plan)

Total build of 73,55 m²

House build of 61,7 m²

Porch with pergolas of 14,52 m²

Design 11 is a lovely little 2-bed, ultra-modern villa which can be situated on any of our available plots designed to give both bedrooms views to the front of the plot. It has a nice lounge and open-plan kitchen both overlooking the covered terrace and pool area. There are 2 bedrooms both with forward facing views, 1 bathroom and a lovely, covered porch which leads out to the pool. This design is ideal both as a holiday home and for permanent living as its reduced size makes for very easy maintenance. The 6 x 3 pool included is a saltwater pool that reduces maintenance costs and is much more natural for swimming.

THIS HOUSE HAS NOT BEEN BUILT YET, we build it especially for you according to your wishes and tastes, designed thinking about the Mediterranean lifestyle and can be modified to your liking. Our designs are for superior quality, custom built, modern villas where space and light play an important part of the design and living experience with clean, simple lines and lots of usable outside space. The design object is to incorporate the pool and terraces into the living area making the homes ideal for Mediterranean Living.

These villas will only be built on request with a construction time of about 10-12 months.
