

## 4 soverom Villa til salgs i Sanet y Negrals, Alicante

170.000€

Beautiful semi-detached house located in the pleasant and quiet village of Sanet y Negrals. In the foothills of Montesano we will find ourselves surrounded by nature and with views to the valley that in the paleolithic age was a marsh, surrounded by archaeological remains and with numerous caves to get lost in time. This house is luminous and has enough space for a large family, it has two floors. There are four double bedrooms with fitted wardrobes, 2 complete bathrooms and a toilet. A living-dining room, a fully equipped kitchen with access to an interior patio. In the upper part of the house we could say that there is a third floor, which is diaphanous, it can be used as a storage room or to add an extra room, to reach this space we will have to use a removable staircase. This house has many surprises such as the fact that it has direct water from the village spring. If you decide to visit it, you will not regret it, as you will see many possibilities.
