THE HOUSE: it consists of a spacious livingdining room with large crescentshaped windows, which provide a space of tranquillity and luminosity. Next to this, other windows give access to the balcony of the house. The livingdining room connects to an openplan kitchen, designed to optimise and facilitate daily life in the home. On the other side of the house, to increase the tranquillity and quality of rest, are the three bedrooms. The master bedroom has an en suite bathroom and dressing room. The secondary bedrooms are not far behind, as they have around 16 square metres of pure relaxation. The property also has a laundry room with access from the corridor next to the main bathroom.

QUALITIES: the property will have an arothermal hot water system of 110 L, kitchen furniture and worktop to choose from, extractor hood, equipped bathrooms, TV and Internet access points in the living room and bedrooms, preinstallation of air conditioning and armoured door among other details.

THE BUILDING: has communal areas with gymnasium and jacuzzi. The properties are of a large size and the location also offers easy access to the A7 motorway, as well as proximity to the citys train station, which is becoming increasingly important as a communication system with the imminent arrival of the high speed train
