The main house revolves around the spacious kitchen with a utility room, serving as the heart of the home. The kitchen boasts a perfect indoor/outdoor flow, abundant natural light, and provides access to the large partially covered veranda (naya), allowing for year-round enjoyment of outdoor living. On the west side of the house, you'll find the living room with a fireplace, offering views towards the southwest and stunning sunsets in the evenings. Additionally, the master bedroom with a terrace, a generous bathroom, and a walk-in closet are also situated on this side.

On the east side of the house, there are two spacious bedrooms, each with its own bathroom and terrace, making them perfect for guests or growing children. This side has its own entrance and can be closed off from the main house.

From the main dwelling, you have a view of the garden, which features a generously sized rectangular swimming pool measuring 14x3 meters—ideal for swimming laps. There is also a studio that can be customized to your preferences, whether as a guest studio or a home office.
