

2 soverom Leilighet til salgs i Estepona, Málaga

450.000€

Costa Fiore Gardens is strategically located in a growing area in Arroyo Enmedio, southwest of Estepona. With breathtaking views of the Mediterranean Sea, Gibraltar and the African continent to the south, and spectacular mountain panoramas to the north, this location offers the best of both worlds. The apartments at Costa Fiore Gardens have been meticulously designed to provide a living experience that captures both the charm of the Mediterranean lifestyle and a contemporary Nordic perspective. With a clever floor plan design, bathrooms dispense with the bidet and bathtub to make way for spacious showers, while generous terraces offer exceptional outdoor space. The exclusive penthouses, which range in size from 120 m² to 172 m², feature bright, open spaces where the spacious living room with integrated kitchen flows effortlessly onto the expansive terrace. Large sliding doors seamlessly connect the indoors to the outdoors, allowing the terrace to become a natural extension of the living room, and vice versa.
