359.000€

New promotion of detached villas on the golf course, with large plots of more than 300 m², and bungalow concept houses with solarium, with the possibility of building a private pool. The houses of more than 100 m² built, have a spacious kitchen-living-dining room, connected to outdoor terraces with large windows that provide the rooms with plenty of light. 3 double bedrooms, the main one with bathroom en suite, all with large wardrobes. Another full bathroom and a laundry room. Some external stairs take us to the solarium of more than 35 m², from where you can enjoy the views of this natural environment, located in the middle of the golf course. They will be finished in 2024. Characteristic qualities of the new construction.
