Live on the beach just 18 km from Valencia in an urbanization with all services. Puig de Santa Maria has a wide range of beaches where you can enjoy a magnificent climate and a wealth of services. Puig beach is one of them. It is 869 meters long and 40 meters wide. It consists of a set of bays separated from each other by breakwaters that prevent strong waves. The result? Calm water to take a relaxing bath in and disconnect from routine and stress. In terms of services, it has everything you need to be comfortable. Lifeguards in the summer season, a bio-healthy park for exercise, a health post, parasols, parking to park your car and toilets. Puig is an accessible beach equipped with equipment to serve people with reduced mobility. The promenade that surrounds the beach is adorned with gardens and palm groves, creating a very pleasant landscape, perfect for walking! And during the summer months, activities are organized: you can take part in meditation, yoga and tai chi classes by the sea.
