We recognize the importance of having a place of quality retreat, which is why we carefully choose locations for your second home that allow for complete rejuvenation, regardless of the season. The harmony of nature, the accessible infrastructure, the ease of reaching the destination, and engaging leisure activities all converge here.

Complex are situated in an exclusive neighborhood in Málaga, specifically in the Estepona area of Buenas Noches, providing a perfect balance of serene natural beauty and modern conveniences. This area is ideal for those looking for a sustainable investment, with property prices ranging from 490,000 € to 900,000 €. The apartments offer spacious living with options ranging from 116 m² to 318 m², and feature between two to three bedrooms, catering to diverse needs.

Designed to ensure privacy and personal comfort, the complex consists of only three buildings, each with five floors, in a secure gated community equipped with surveillance systems. Modern design meets sophisticated living as the project boasts thoughtfully planned layouts and large panoramic windows, uncommon for the area. The emphasis on first-rate materials and top-tier construction highlights its modernity and luxurious appeal.

Estepona offers an exceptional lifestyle with its stunning landscapes and proximity to essential amenities. The exceptional positioning and brilliantly conceived architecture of Complex ensure inhabitants relish breathtaking views from their windows and terraces. Residents will enjoy the beauty of dawn each morning with the mesmerizing sea as a backdrop, enriching their daily experience in this city.
