

4 soverom Villa til salgs i Ciudad Quesada, Alicante

375.000€

Impeccable detached villa with views and easy walk to amenities

This charming villa exudes Spanish vacation style from the moment you walk through the gate.

The large, yet easy to maintain plot surrounds the house and has a traditional Spanish feel with fruit and palm trees.

The property is accessed by an electric gate, which opens onto parking in front of the villa. To the rear of the property you will find the swimming pool, a large modern outdoor kitchen and plenty of dining and relaxation areas, making it the ideal location for summer living.

Return to the front and you enter the house via the raised terrace. As it is south-west facing, it is a pleasant place to sit, even in winter.

Inside you will find a good-sized living room and a large, fully equipped separate kitchen with new induction hob and fan oven.

A rear door from the living room opens onto a terrace that overlooks the swimming pool. The master bedroom, on the ground floor, also has patio doors opening onto the pool area.

There are three further double bedrooms upstairs, two of which have large balconies and pool or mountain views.

This is a very well maintained property and the owner has undertaken extensive improvements recently. It is immaculate inside and out and decorated to a high standard, with all walls having been smoothed and recently painted. There is double-glazing through the whole property and central heating.

The outside space has had a complete overhaul, with new tiling, painting and decorating. All the balustrades have been painted and outside spaces refreshed. The pool has been re-tiled and it has a new pump, new steps and new multi-colour LED lighting
