

6 bedroom Villa for sale in Caudete, Albacete

164,950€

Nestled in the tranquil Caudetan countryside, this 6-bedroom, 2-bathroom Villa offers a range of features while also presenting opportunities for further enhancement.

Upon entering through the sizable double gates, a serene garden and driveway leading to shaded parking or a spacious garage (currently serving as a workshop) welcome you.

The house introduces itself with a large covered patio/porch area that unveils an expansive living/dining space highlighted by a striking centerpiece open fire.

A double bedroom resides towards the rear of the living area, accompanied by a semi open-plan kitchen that holds potential for expansion.

Proceeding down the central corridor, four double bedrooms on each side beckon, with a family bathroom positioned at the corridor's end.

Outdoors, a well-proportioned built-in barbecue awaits, surrounded by sunlit or covered areas suitable for tables and chairs. Beyond the main patio lies the pool area, accompanied by its own pump house.

Towards the rear of the property, an annex with one bedroom, complete with a toilet and shower room, stands. While the annex is currently habitable, it offers room for improvement in terms of insulation and decor.
