

4 bedroom Villa for sale in Altea, Alicante

490,000€

Much more than the average four bedroom villa, this bank owned property also features a private spa area on the lower floor, with jacuzzi, indoor pool and sauna, with an outdoor pool on the terrace.

The property is also in good condition with an abundance of space, the main living area featuring a feature fire place, a large lounge with terrace and independent kitchen. There are also four double bedrooms, two with ensuite bathrooms and two with their own shower rooms. At the very top of the property, we have further living space and a turret, though the closed in terrace would be much better opened up again to enjoy amazing views.

A lift connects all the ground floor down to the bedrooms and the spa area.

The terrace around the pool also has access to an outdoor kitchen.

Located in Sierra de Altea I, and a 20 minute walk takes you into the village of Altea la Vella. Altea and the beaches are reachable by car in 10 minutes.
