Here is a perfect holiday apartment with 2 bedrooms and a bathroom and a cozy balcony. In addition, there is also a private patio that can be furnished as a dining area, or used as storage for, for example, bicycles or golf clubs!

The apartment is located one floor up from the street in a building with an elevator. The property also has a communal pool surrounded by tables and chairs, so you can comfortably spend a whole day by the pool!

In the apartment, you first enter a hall with space for jackets and shoes. To the left you will find the master bedroom with a large, built-in wardrobe.

There are different kinds of free range birds here and sometimes they go into the surroundings outside, so don't be surprised if you come across a colorful rooster outside the gate of the apartment! There is usually a lot going on in the park during the summer, such as concerts and other performances, so you can comfortably see the scene from the roof terrace!
