Total build of: 110 m²

House build of: 80 m²

Covered Porch of: 30 m²

Design 12 is a very nice 2-bed, ultra-modern villa which can be situated on any of our available plots. It has a large lounge and open-plan kitchen overlooking the covered terrace and pool area. There are 2 bedrooms, 1 bathroom and a lovely, covered porch which leads out to the pool. This design is ideal both as a holiday home and for permanent living as its reduced size makes for very easy maintenance. The 6 x 3 pool included is a saltwater pool that reduces maintenance costs and is much more natural for swimming.

THIS HOUSE HAS NOT BEEN BUILT YET, we build it especially for you according to your wishes and tastes, designed thinking about the Mediterranean lifestyle and can be modified to your liking. Our designs are for superior quality, custom built, modern villas where space and light play an important part of the design and living experience with clean, simple lines and lots of usable outside space. The design object is to incorporate the pool and terraces into the living area making the homes ideal for Mediterranean Living.

These villas will only be built on request with a construction time of about 10-12 months.
