Málaga  
295.000€**

Impressive village house which is called " The Factory" right in the centre of the village with a unique history. The name derives from when it was the first factory producing olive oil in the area.

Some of the machinery has been preserved, it has a large private well and at the entrance there is store room where hidden in the floor is a large cellar where the olives were deposited

Adjoining this is the part where the owners family lived. The house has four bedrooms, two bathrooms, a kitchen with a covered terrace where one can enjoy eating alfresco, a dining room a large livign room and a beautiful terrace with magnificent views.

496 sq.m which would be a wonderful investment where one could create a tourist attraction reflecting the history or for someone who enjoys living in property which has memories of bygone times.

Undoubtedly a property to be seen.
