

земля продается в Archez, Málaga

31.000€

This 1456m² rustic plot has a fantastic location on the outskirts of the municipality of Archez, with excellent access from the road.

The plot is divided into two flat levels with lovely views to the mountains and valley. It would be very easy to connect both water and electricity given its proximity to the town. An excellent opportunity to own a plot in a very convenient location at a very good price!
