

2 спальная комната городская тюрьма продается в Torrox, Málaga

250.000€

Wonderful maisonette in the heart of Torrox, next to the Municipal Market. South-facing balconies with sea views, 2 bedrooms, 1 bathroom, a double living room, dining room, separate kitchen, a bright conservatory, pantry, laundry room, and 2 large storage rooms make up this great property.

Starting from the Plaza, a corridor and then stairs (shared with the neighbour on the second floor) take us up to a spacious landing and the entrance to the maisonette. As we enter the property we find ourselves in a bright hall, with light coming from the conservatory, to the left we enter the dining room and then the spacious double living room, with its south-facing balcony overlooking the square, the town and the Mediterranean Sea. To the left of the living room we find a double bedroom that also has a balcony facing South. A corridor from the dining room leads to some wardrobes, the bathroom with shower and the second bedroom, with a double bed, overlooking another interior patio. From the hall and conservatory, a step leads to the bright kitchen, furnished with electrical appliances. Behind the kitchen we enter a large storage room and another flight of stairs to the second room above that, these two rooms do not have windows, but at the top of the stairs there is a window that provides some light. These 2 rooms could be used as work rooms, for massages or other health treatments.

The maisonette does not have a terrace, but it would be easy to make a covered terrace by taking part of the double living room and opening it up.

The property is sold furnished, the kitchen has an oven, gas cooker and extractor hood, dishwasher and high and low cabinets.

Located in the heart of the town, with the municipal market, the bakery and other shops, just outside the main door, it makes daily life here easier. There are a variety of bars and restaurants in the square as well. You can park almost at the door to unload shopping or suitcases, etc. And then take the car to park in the free Almedina car park. The beaches of the Costa del Sol are only 4 km away, in Torrox Costa.

This is a unique opportunity to purchase a very large maisonette in the centre of Torrox, perfect as a family home or
