

## 8 спальная комната городская тюрьма продается в Martos, Jaén

39.000€

This astonishing historical property, located in old town Martos, in the Jaen province of Andalucia, Spain, with stunning views, would be a legacy project. Lots of urgent work needs to be done to this property to make it liveable, but once finished, this would be like non-other, providing endless space and possibilities. The front pitch of the roof has been renewed. The property itself still has a lot of original features. Overall, the location is ideal, with parking outside, sunsets and next to the iconic church, yet at the same time away from the busy, loud streets of the main town. As a large family home, small hotel or B&B it would make a fascinating project. There is also a large patio with views over Martos at the back and at the front there is plenty of parking space and only a 5-minute walk away from shops, bars and the local indoor market. It is located by El Mirador, El Torre de Homenaje, and the remains of Castillo de la Villa.
