

1 soveværelse Landsted til salg i Villena, Alicante

56.500€

1 room villa for completing on 23,000m² of land. We are proud to offer this structure, ready to be converted fully into a home.

With 23,000m² of land, this property could be extended to make a great size (2% of the land can be built upon).

The land also comes with 3 water actions, so they could be sold to neighbours, or, it may be possible to split the land into two parcels above 10,000m², and build a second home.

The property has amazing views across the valley, and would make a fantastic project.
